LinkedIn: Sankavi Thayaparan — GitHub: Sankavi1605 — Colombo, Sri Lanka

PROFILE

Motivated and detail-oriented **Computer Science undergraduate** at UCSC with hands-on experience in **full-stack software development**. Passionate about designing scalable web applications and solving complex problems through clean, efficient code. Proficient in both **frontend and backend** technologies including React, Node.js, and Spring Boot, with a solid understanding of software design principles, algorithms, and databases. Seeking a **Software Engineering Internship** to contribute to real-world projects, improve development workflows, and strengthen professional engineering skills in a collaborative environment.

SKILLS

Languages	Java, TypeScript, JavaScript, Python, C
Frontend	React, Next.js, Tailwind CSS, Flutter
Backend	Spring Boot, Node.js, Express.js, REST APIs, JWT, RBAC
Databases	PostgreSQL, MySQL, MongoDB, SQLite, H2
DevOps	Docker, AWS (EC2/S3 basics), GitHub Actions (CI), Git/GitHub
Practices	Agile/Scrum, Testing/Debugging, Code Reviews, Documentation
Coursework	DSA, OOP, Software Engineering, Databases, ML, Advanced Architecture

PROJECTS

BusHub LK — Full Stack Public Transport Management System bus-hub-lk — GitHub 2025
Technologies: Node.js, React.js, React Native, PostgreSQL, AWS, Git/GitHub

- Developed a full-stack platform to modernize operations of the Sri Lanka Transport Board (SLTB).
- Replaced paper-based workflows with a web admin dashboard and passenger mobile app.
- Implemented real-time fleet monitoring, live bus tracking, route search, and fare calculation.

Apex Finance — Full-Stack Personal Finance Dashboard GitHub Link 2025
Technologies: Next.js, React, TypeScript, Tailwind CSS, Prisma, NextAuth.js, SQLite, Framer Motion, Recharts

- Built a secure full-stack dashboard to manage and visualize financial data.
- Designed a modern responsive UI with Recharts and fluid animations.
- Developed backend logic using Next.js API Routes and Prisma for type-safe data handling.

Secure Login & Authorization API — Backend Development GitHub Link 2025
Technologies: Java, Spring Boot, Spring Security, JWT, Maven, H2, RESTful APIs, GitHub

- Created a secure backend API using Spring Security and JWT authentication.
- Applied password hashing (BCrypt) and Role-Based Access Control (RBAC) for endpoint security.

TerraSafe — **Safe Place Finder** — Mobile App Development GitHub Link 2025
Technologies: Flutter, Dart, Google Maps API, Google Places API, Dio, Geolocator

- Built a location-aware mobile app to find and navigate to nearby safe places.
- Designed a slide-up bottom sheet UI for detailed location info via Google Places API.
- Integrated an in-app chatbot for user assistance and quick safety information.

Sameepa — Full Stack Closed Community Management Platform GitHub Link 2024
Technologies: PHP, MySQL, JavaScript, HTML, CSS, Apache, Git/GitHub, Figma

- Built a web platform for managing residential communities with role-based access.
- Developed modules for resident, admin, and staff operations using Agile teamwork.

AgroMart E-commerce Platform — Full-Stack Development
Technologies: Node.js, Express.js, React, MongoDB, Stripe API, JWT

GitHub Link 2024

- Built a MERN-based e-commerce site with secure REST APIs and JWT authentication.
- Integrated Stripe for online payments and developed product, user, and order management.

EDUCATION

University of Colombo School of Computing

May 2023 – Present

B.Sc. in Computer Science

Selected Coursework: Rapid Application Development (React), Machine Learning, OOP, Software Engineering Principles, Databases, DSA

Vembadi Girls' High School, Jaffna

Completed 2022

G.C.E. Advanced Level Examination — *A - Combined Mathematics, A - Chemistry, B - Physics*

CERTIFICATIONS

- Front End Development Libraries — freeCodeCamp
- HTML, CSS, and JavaScript for Web Developers — Coursera
- Next.js Essential Training — LinkedIn Learning
- Machine Learning with Python: Foundations — LinkedIn Learning

LEADERSHIP & VOLUNTEERING

Member, Club Service Avenue — Rotaract Club of UCSC

2024

Member — Gavel Club of UCSC

2024

ATHLETIC ACHIEVEMENTS

Participated in the **100m race** at the UCSC Freshers' Athletics Meet (2023).

Badminton Team Member — Vembadi Girls' High School.

LANGUAGES

Tamil (Native), English (Fluent)
